

Micki Wiesner

Harry and I moved to SCT in 1997. I became the Neighborhood Rep (NRep) for Neighborhood 5 in 1998 and served for two years. I was elected the first Chair of the NReps in 1999. In mid-1998 the Developer decided to let Sun City residents establish governance committees. The Developer initiated a Nominating Committee process to select residents who applied to serve as members of these governance committees. In 2002 I was elected to the SCTx CA Board of Directors. Upon completing my term as a Director, I was appointed to the Nominating Committee for two terms and served four years as secretary. My last term ended June 2007. I was selected to serve on the Transition Committee. When the Transition Committee was dissolved, the SCTx CA Board asked all Transition Committee members to serve on a special committee called the Strategic Planning Committee (now called the Special Projects Committee). I served on that committee until the end of 2009. I have been a member of COPs for eight years.

We moved to SCTx from Houston, Texas. I retired from NASA, Johnson Space Center. We have four children, one deceased, and three grandchildren. I graduated from Ft. Hays State University, Hays, KS with a degree in Business Administration.

I am a Charter Member of the Citizens Council and was elected to the CC Board of Directors in 2007. I strongly support our goals for Sun City Texas: *ensure a high quality of life, long-term sustainability, competent progressive governance and fiscal responsibility for our community today and for the future.*
